Applicant: Yutaka TAMADA et al.

Title: TERMINAL INFORMATION REGISTRATION APPARATUS, TERMINAL
INFORMATION REGISTRATION METHOD AND TERMINAL
INFORMATION REGISTRATION PROGRAM

Appl. No.: Unassigned

Filing Date: 03/17/2004

Examiner: Unassigned

Art Unit: Unassigned

INFORMATION DISCLOSURE STATEMENT
UNDER 37 CFR §1.56

Mail Stop PATENT APPLICATION
Commissioner for Patents
PO Box 1450
Alexandria, Virginia 22313-1450

Sir:

Submitted herewith on Form PTO/SB/08 is a listing of a document known to Applicants in order to comply with Applicants' duty of disclosure pursuant to 37 CFR §1.56. A copy of each listed document is being submitted to comply with the provisions of 37 CFR §1.97 and §1.98.

The submission of any document herewith, which is not a statutory bar, is not intended as an admission that such document constitutes prior art against the claims of the present application or that such document is considered material to patentability as defined in 37 CFR §1.56(b). Applicants do not waive any rights to take any action which would be appropriate to antedate or otherwise remove as a competent reference any document which is determined to be a *prima facie* art reference against the claims of the present application.

TIMING OF THE DISCLOSURE

The listed document is being submitted in compliance with 37 CFR §1.97(b), within three (3) months of the filing date of the application.

RELEVANCE OF EACH DOCUMENT

Document A1 discloses technology to newly provide a plurality of electronic office terminals, requiring the following procedures. First, the dealer's serviceperson in charge confirms the ID information (such as model names and serial numbers) of the terminals and writes them down on a document on the customer's premises. Then, in the dealer's office, the serviceperson registers the written data on a dealer-use site the center server provides on the internet. By so doing, the serviceperson acquires passwords issued for the electronic office terminals. Subsequently, the serviceperson enters the passwords into the electronic office terminals on the customer's premises to make a communication for registering the terminal ID information having the passwords attached thereto into the center server as terminal information. The center server checks the validity of the terminal information based on the attached passwords.

An English translation of the foreign-language document is not readily available. However, the absence of such translation does not relieve the PTO from its duty to consider the submitted foreign language document (37 CFR §1.98 and MPEP §609). An English language abstract is provided herewith.

Applicants respectfully request that any listed document be considered by the Examiner and be made of record in the present application and that an initialed copy of Form PTO/SB/08 be returned in accordance with MPEP §609.

The Commissioner is hereby authorized to charge any additional fees which may be required regarding this application under 37 CFR §§ 1.16-1.17, or credit any overpayment, to Deposit Account No. 19-0741. Should no proper payment be enclosed herewith, as by a check being in the wrong amount, unsigned, post-dated, otherwise improper or informal or even entirely missing, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 19-0741.

Respectfully submitted,

By

Pavan K. Agarwal
